IT HARDWARE

Supply, install and configure:-
 Servers Desktop PC's, Laptops,
 Printers, Routers, Switches,
 Wireless etc

AUDIO VISUAL EQUIPMENT

Supply, install and configure :-
 Projectors, IWB's,
 Electric projection screens,
 Flat screen TV's,
 Digital advertising

SOFTWARE

Software procurement and
 installation.
 Backup routines and Security.
 Email Campaign manager

PROJECT MANAGEMENT

Management of future projects
 such as new IT installations,
 equipment roll outs, Relocations
 etc

HELPDESK

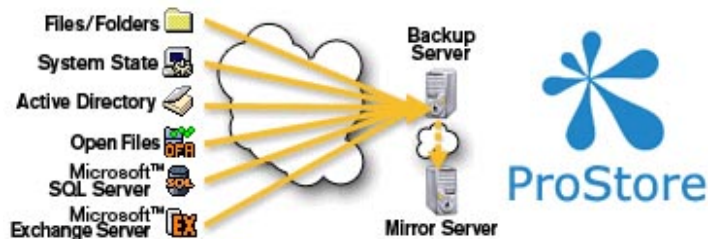

All clients benefit from the
 Procom Helpdesk for reporting
 and tracking fault calls / requests

SUPPORT CONTRACTS

Bespoke Hardware and
 Software contracts

Remote & Online Backup Solutions

Procom Remote Backup Solution (ProStore) works like regular data backup software, but with one important difference. Instead of sending backups to a tape drive or other media attached to the computer it is backing up, ProStore's online backup software sends the backup over the Internet, broadband line, or other network connections to ProStore's online backup servers safely offsite. It does this (usually) at night while computers are not being used. Backups can also be done on-demand, any time. It is completely automatic. In fact, you may even forget it's working. Most businesses put their lives on the line every night and don't realise it. With businesses depending more and more on the data stored in their Servers / networks, proper backups are becoming more and more critical

Prostore Prices

Storage Quota	Setup Fee	Monthly Equiv	Annual Payment
2Gb	Free	£14.49	£173.88
5Gb	Free	£18.99	£227.88
